## VII. ORGANIZATION

iii. Members	The members are referred to as <i>dendrophoroi</i> (tree-bearers) in l. 2: the term is related to the practice of felling, decorating and carrying the sacred pine in the mourning procession in memory of Attis. Perhaps the women honored for their <i>munificentia</i> (l. 1) towards the <i>dendrophoroi</i> were also members of the local associations.

## XIII. EVALUATION

i. Private association	Probable
Note	Although the term <i>collegium</i> to define the group is here missing, likely the <i>dendrophoroi</i> here mentioned were members of a local association with cultic functions as attested elsewhere in region (CIL X 445; CIL X 8100; CIL X 8107-8108; CIL X 451).
