VII. ORGANIZATION

ISSN 2446-2500

ii. Leadership	[?Μου]σαῖος ἀρχερανισ[τάς], *[Mou]saios(?) archeranistas* The inscription solely records the fragmentary of the leader of a group. This may have been an *eranos* or an association with another name (e.g. *thiasos*).

XIII. EVALUATION

i. Private association	Probable
Note	Nothing is really known about the context, but given the preserved title *archeranistas*, a private group seems highly probable (cp. other instances from Rhodes: e.g. CAP Inv. 10 and CAP Inv. 1612).
