## VII. ORGANIZATION

## ii. Leadership

Given the title of τεχνάρχης, *technarche* (Salamine de Chypre XIII.1 43, l. 2) of M. Titus (?) Pantischeinos Athenion, the donor of the dedication, he probably acted as the leader of the association (see *BE* 1976: no. 750).

## XII. NOTES

### i. Comments

Only the possible name and title of the leader of the alleged association is attested: at all events, he acted in his private capacity when setting up the inscription (l. 2: ἐκ τῶν ἰδίων, *ek ton idion*). The *technē* implied in his title of *technarches* may refer to broader disciplines than simple sculpture.

## XIII. EVALUATION

### i. Private association

Possible

#### Note

Given the lack of information, on the basis of the sole title of *technarches* one can only suppose the existence of a possible private association headed by the man.
