| i. Comments | The text reads: vacat στεφανωθέντες ὑπὸ τῶν θιασωτῶν ἀνέθεσαν vacat, stephanothentes hypo ton thiasoton anethesan. One would expect it to be preceded by personal names of officials of the group (e.g. X and Y and Z tamiai, etc), designating the identity of those who set up the dedication. |

i. Private association Note Given the nature and typology of the text, the *thiasotai* mentioned are most probably a private association (to what extent identical with any of the groups attested in the area remains unknown).
