

CAPInv. 126: [Sa]rapiasta[i]

I. LOCATION

i. Geographical area	Aegean Islands
ii. Region	Lesbos
iii. Site	Methymna

II. NAME

i. Full name (original language)	[Σα]ραπιαστα[ἰ] (IG XII.2 511 a, l. 1)
ii. Full name (transliterated)	[Sa]rapiasta[i]

III. DATE

i. Date(s)	ii - i BC
------------	-----------

IV. NAME AND TERMINOLOGY

ii. Name elements	Theophoric: Sarapis
iii. Descriptive terms	σπείρα, <i>speira</i> ?
Note	<i>speira</i> : IG XII.2 511 a, l. 3 σπείρα, <i>speira</i> (IG XII.2 511 a, l. 3) as restored by Wilhelm 1900: 53, no. 14; followed by Von Gaetringen 1939 in IG XII Suppl. p. 32 (cf. RICIS 205/0401). Note, however, the objections by Poland (1929: 1587) and Edson (1948: 156, 204). Both think it more likely that we should read a word in the accusative after εἰσενέγκαντες, <i>eisenengantes</i> (line 2) and not the dative τ[ὴ] σ[η]πείρᾳ, <i>t[ei] s[pe]irai</i> suggested by Wilhelm. Poland's alternative suggestion εἰσενέγκαντες τ[ὰ] ἴε]ρά, <i>eisenengantes t[fa] hie]ra</i> (Poland 1929: 1587; cf. Fraser 1960: 51, no. 4) is not compatible with the letters ΠΕΙΡΑ, <i>PEIRA</i> at the start of line 3 (cf. Hodot 1976: 46; Edson 1984: 204). Edson tentatively put forward a reading of εἰσενέγκαντες τ[ὰ] πέ]ρια, <i>eisenengantes t[fa] pe]peira</i> or π[έ]ρια, <i>p[e]peira</i> , meaning 'ripe fruits' (Edson 1984: 156). The word σύνοδος, <i>synodos</i> appears in the text (IG XII.2 511 a, l. 3), but it seems used here in the meaning of 'gathering' (see, e.g., Labarre 1996: 59; RICIS 205/0401) rather than 'association' (Buchholz 1975: 53).

V. SOURCES

i. Source(s)	IG XII.2 511 with IG XII Suppl. p. 32 (a. 200 BC: Brun 1991: 105, n. 26)
Note	Other editions of IG XII.2 511 a, ll. 1-6: Fraser 1960: 51, no. 4 SIRIS 262 RICIS 205/0401
Online Resources	IG XII.2 511 (old ed.)
i.a. Source type(s)	Epigraphic source(s)
i.b. Document(s) typology & language/script	List in Greek of contributors to festival.
i.c. Physical format(s)	Fragment of a rectangular slab of marble, inscribed on the front (IG XII.2 511 a) and on the sides (b and c); the letters on the sides are smaller than those on the front.
ii. Source(s) provenance	Castle in Molyvos (Paton 1899 in IG XII.2 511); moved to the museum in Mytilene, Inv. 1036 (Von Gaetringen 1939 in IG XII Suppl. p. 32 and Charitonidis, Ἐπιγραφά: p. 82).

IX. MEMBERSHIP

i. Number	The list of contributors contains at least 41 names (cf. Labarre 1996: 59).
ii. Gender	Men
Note	All names preserved on the list of contributing <i>Sarapiastai</i> are names of men.
iv. Status	Ktesiphon son of Antikrates, named in the list of contributors (IG XII.2 511 b, ll. 14-15), might be the same as the eponymous official of the <i>phyle</i> Aiolis in Methymna: IG XII.2 505, l. 1 (cf. Buchholz 1975: 157 (no. 533) and 187, H 135). The name and patronymic of the person listed in IG XII.2 511 c, ll. 8-9 (Teres son of Sadalas) have been identified as Thracian (Odrysian) (Wilhelm 1900: 53, no. 14; Von Gaetringen 1939 in IG XII Suppl. p. 32; Buchholz 1975: 192, H 189).

X. ACTIVITIES

ii. Meetings and events	σύνοδος, <i>synodos</i> (IG XII.2 511 a, l. 3) -- The word σύνοδος, <i>synodos</i> appears in the text (IG XII.2 511 a, l. 3), but it seems used here in the meaning of 'gathering' (see, e.g., Labarre 1996: 59; RICIS 205/0401) rather than 'association' (Buchholz 1975: 53).
iii. Worship	The listed <i>Sarapiastai</i> contributed to the σύνοδος (<i>synodos</i>) of the great <i>Sarapieia</i> , so that sacrifices (θυσίαι, <i>thysiae</i>) would be performed each year in perpetuity. These sacrifices were performed at a Nile festival (Νεῖλοι[ά], <i>Nei/loia</i>), if this widely accepted restoration and interpretation of the dative plural noun in IG XII.2 511 a, ll. 4-5 is correct (Wilhelm 1900: 53, no. 14; followed by Von Gaetringen 1939 in IG XII Suppl. p. 32; Fraser 1960: 51, no. 4; SIRIS 262; RICIS 205/0401). Alternative restorations in Rusch 1906: 68 and Salaç 1915: 51; cf. SIRIS 262. A more likely interpretation might be that sacrifices were offered to Nile gods).
Deities worshipped	Sarapis Nile gods ?

XII. NOTES

i. Comments	While Edson places IG XII.2 511 in e. i AD (Edson 1948: 156; cf. Shields 1917: 75), the text is most commonly dated to the Hellenistic or late Hellenistic period (Fraser 1960: 26, no. 2; SIRIS 262; RICIS 205/0401), more specifically after 200 BC (Pistorius 1913: 159-60; Brun 1991: 105, no. 26), in ii BC or perhaps i BC (Rusch 1906: 68; cf. Buchholz 1975: 53, no. 123).
ii. Poland concordance	Poland B *157 (SIRIS 262 = RICIS 205/0401)

XIII. EVALUATION

i. Private association	Probable
Note	The use of a theophoric name (<i>Sarapiastai</i> , partly restored), together with the intended recurrence (each year) and durability (in perpetuity) of the sacrifices, makes it likely that the <i>Sarapiastai</i> formed a private association. If indeed the group is referred to as a <i>speira</i> , this would add further support. The restorations of the inscription, however, are not entirely satisfactory.
