XII. NOTES

i. Comments	According to Bastianini and Gallazzi 1991: 45-46, who supplied the reading *synodos* (recorded in BL X 276) instead of the reading συνο(ικία) *synoikia* recorded in BL VII 27, the name Antonia after whom the association was named probably referred to the titular of an imperial estate: the members would be employed in that estate.

XIII. EVALUATION

i. Private association	Certain
Note	If the reading *synodos* by Bastianini and Gallazzi 1991: 45-46 is correct, as it seems the case, the terminology employed, the type of text, and the dealings recorded point to a private association.
