## XIII. EVALUATION

### i. Private association

Possible

#### Note

Although it has been argued that the *koinon thiasoton* was part of a phratry (Poland 1909, 18-19; Lambert 1999, 125 n.42; GRA I 1), the use of the expression *koinon thiasoton* instead of personal name + *thiasos* suggests the possibility that the cult table was dedicated by some members of a private *koinon* of Herakles worshippers.
