XII. NOTES

i. Comments	The restoration οἱ Ἀσκληπιασταί, <i>hoi Asklepiastai</i> (l. 1), by ed. pr. for the name of the group is totally gratuitous and suggested on the basis of the deity to which the inscription is dedicated. However, we may also restore <i>orgeones</i> vel sim.

XIII. EVALUATION

i. Private association	Possible
Note	Given the uncertainty about the name there is no guarantee that this was a structured association. However, the place of discovery and the cost of the monument would involve some sort of stable organisation, in the same degree as an association.
