XIII. EVALUATION

i. Private association	Possible
Note	The fact that the term θιασῖται/θεασῖται, <i>thiasitai/theasitai</i> , occurs here in conjunction with the λοιποὶ συγγενεῖς, <i>loipoi syngeneis</i> , makes its private character debatable; cf. CAPInv. 558 from Aigina, where the term θιασῖται, <i>thiasitai</i> , also occurs in conjunction with public institutions (namely the <i>boule</i> and the <i>demos</i>).
