## VII. ORGANIZATION

ii. **Leadership**

Pyrrhos, son of Keilaibeithys appears to be the leader of the group, given that the other members identify themselves as those under him (ll. 3-4).

## XII. NOTES

i. **Comments**

The Thracian name Tralis in the last line is probably the name of the deceased, if this was an epitaph.

## XIII. EVALUATION

i. **Private association**

Possible

**Note**

Rudimentary structures such as "those under X" may or may not point to a private association. The nature of the association, if indeed there is one here, is unknown to us.
