## III. DATE

|            |        |
|------------|--------|
| i. Date(s) | 207 AD |
|------------|--------|

## IV. NAME AND TERMINOLOGY

|                   |                |                                                                                                                                       |
|-------------------|----------------|---------------------------------------------------------------------------------------------------------------------------------------|
| ii. Name elements | Professional:  | <i>osteiarioi</i> , <i>ostiarii</i>                                                                                                   |
|                   | Topographical: | <i>tes ktetikes</i> (sc. <i>agoras</i> ) <i>Anazarbenes metropoleos</i> , 'of the industrious (agora) in the metropolis of Anazarbos' |

## V. SOURCES

|                     |                                                                       |
|---------------------|-----------------------------------------------------------------------|
| i. Source(s)        | I.Anazarbos 4 (207 AD)                                                |
| Note                | Other editions/commentaries:<br>AGRW 211<br>Gough 1952: 129-31, no. 2 |
| Online Resources    | <a href="#">AGRW ID# 1515</a><br><a href="#">I.Anazarbos 4</a>        |
| i.a. Source type(s) | Epigraphic source(s)                                                  |

|                                             |                                                                |
|---------------------------------------------|----------------------------------------------------------------|
| i.b. Document(s) typology & language/script | Honorific inscription in Greek                                 |
| i.c. Physical format(s)                     | Limestone base for a statue, H. 1.45 m, W. 0.60 m, Th. 0.60 m. |
| ii. Source(s) provenance                    | Found in a fosse in the west of the northern city gate.        |

## X. ACTIVITIES

|                              |                                                                                                                  |
|------------------------------|------------------------------------------------------------------------------------------------------------------|
| iv. Honours/Other activities | Several <i>hieraphoroi</i> of associations and the <i>ostiarii</i> honoured the emperor Caracalla with a statue. |
|------------------------------|------------------------------------------------------------------------------------------------------------------|

## XI. INTERACTION

|                      |                                                                                                                                                                                                  |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| i. Local interaction | The <i>hieraphoroi</i> of several associations collaborate together in processions and rituals as carriers of sacred objects and together with the <i>ostiarii</i> for the erection of a statue. |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## XII. NOTES

|                   |                                                                         |
|-------------------|-------------------------------------------------------------------------|
| iii. Bibliography | Gough, M. (1952), 'Anazarbus', <i>AS</i> 2: 85-150, esp. 129-31, no. 2. |
|-------------------|-------------------------------------------------------------------------|

## XIII. EVALUATION

|                             |                                                                                                                                                                                                          |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| i. Private association      | Probable                                                                                                                                                                                                 |
| Note                        | The <i>ostiarii</i> honoured together with other associations the emperor Caracalla (cf. <a href="#">CAPIInv. 1779</a> and <a href="#">CAPIInv. 1780</a> ). They seem to be organized in an association. |
| ii. Historical authenticity | Certain                                                                                                                                                                                                  |
