iii. Bibliography	Carter, M. (2004), 'Archiereis and Asiarchs: A Gladiatorial Perspective', <i>GRBS</i> 44: 41-68. Robert, L. (1971), <i>Les gladiateurs dans l'Orient grec</i> . Amsterdam.

i. Private association	Possible
Note	The single surviving attestation of this <i>phamilia</i> does not provide any precise detail about the nature of the group. It is impossible to know whether they form a stable association or whether they had a private character. As a result, its evaluation should only remain possible.
