i.a. Source type(s)	Papyrological source(s)
i.b. Document(s) typology & language/script	Greek petition to the King by the sister and husband of a deceased member of an association, regarding the non payment of the <i>taphikon</i> by the members of the association.
i.c. Physical format(s)	Papyrus.

ii. Source(s) provenance	From crocodile mummy cartonnage, found in the crocodile cemetery at Magdola. However, as stated in the papyrus (l. 2), the association was located in the village of Kerkethoeris.
--------------------------	--

VII. ORGANIZATION

iii. Members	The members of the association are called [σ]υνθιασίτιδες, <i>synthiasitides</i> (l. 2, verso l. 3). Membership of the association is expressed by the verb συνθιασιτεύω <i>synthiasiteuo</i> (l. 3).
iv. Officials	The association had a priestess and the office could be held by the same person for more than a year (the deceased member had been priestess for four years): ἐχούσης τῇ[ν ἱερ]οσύνην τοῦ θιάσου ἐφ' ἔτη δ, <i>echouses ten hierosynen tou thiasou eph'ete</i> 4 (l. 4).
ix. Privileges	It seems that members were entitled to a burial indemnity (ταφικόν, <i>taphikon</i> : ll. 6, 8, verso l. 4), even more so upon request of the deceased's family (cf. the ἀπαιτούμεναι, <i>apaitoumenai</i> in l. 5). The <i>taphikon</i> however was not always paid off: in this case the deceased's family had to take action against the association.

VIII. PROPERTY AND POSSESSIONS

i. Treasury/Funds	The association must have had funds and money available to them, as deceased members could be given a burial indemnity.
-------------------	---

IX. MEMBERSHIP

i. Number	We do not know the total number of members; they were more than five, given the wording in ll. 1-2: ἀδικούμεθα ὑπὸ Τεμσώιος καὶ Σενεμενώπιος καὶ Τετειμ[-ca.?- καὶ Ἑριέως καὶ τῶν λοιπῶν [σ]υνθιασιτίδων, <i>adikoumetha hypo Temsoios kai Senemenopios kai Teteim[... k]ai Herieos kai ton loipon synthiasitidon</i> .
ii. Gender	Women
Note	On the basis of the term [σ]υνθιασίτιδες, <i>synthiasitides</i> (l. 2, verso l. 3) and the fact that all the attested names of members are female names, the association was a women association.
v. Relations	It is uncertain whether one of the petitioners, the sister of the deceased former priestess of the <i>thiasos</i> , was also a member of the association. Given the fact that mention of her membership is never indicated, it seems likely that she was not a member.
vi. Proper names and physical features	Τεμσῶις Σενεμενώπις Τετειμ[Ἑριεύς Σοῆρις, deceased sister of Θερώς and wife of Τεῶς

XII. NOTES

i. Comments	The internal indication of the <i>synthiasitides</i> as being ἐκ Κερκεθοήρεως, τῆς Πολέμωνος μερίδος, <i>ek Kerkethoereos tes Polemonos meridos</i> (l. 2) seems to point to the fact that the association was based in that village. The provenance of the papyrus (from crocodile mummy cartonnage from the crocodile cemetery at Magdola) cannot provide further hints on the location of the association.

XIII. EVALUATION

i. Private association

Certain

Note

The terminology used (*thiasos*, *synthiasitides*), the internal organisation, the officials, and the dealings in which the group was involved make it certain that we have here a private association.
