IX. MEMBERSHIP

iv. Status	If Baslez's reading and restoration of I.Délos 1543, line 1 ([ἡ σύνοδος τῶν ἐν Δήλῳ Ἀρ[αδίων], [<i>he synodo]s ton en Deloi Ar[adion]</i>) are correct, the inscription was set up by an association of Aradians on Delos. Their existence, however, relies almost completely on restoration and is by no means certain. See below: 'Comments'.

X. ACTIVITIES

iv. Honours/Other activities	The text is fragmentary, but it seems that an association (I.Délos 1543, l. 1: <i>synodos</i> , restored) or other group on Delos (l. 1: <i>en Deloi</i>) set up an honorary statue of Menochares, son of Dionysios, one of the 'first friends' (l. 1: [πρῶτοι φίλοι, [<i>protoi philoi</i>], restored) and secretary (l. 4: [ἐπιστολό]γράφος, [<i>epistolographos</i>] of king Demetrios. This king has been identified as Demetrios I of Syria (162-150 BC) and Menochares is known also from other sources (see Durrbach, <i>Choix</i> 88; Roussel and Launey in I.Délos 1543). On Delos, Menochares was honored for his munificence (l. φιλοτιμία, <i>philotimia</i>) and possibly his benevolence (l. εὐνοία, <i>eunoia</i> , entirely restored) towards the king and those setting up the statue.
------------------------------	---

XI. INTERACTION

ii. Interaction abroad	If the inscription was indeed set up by an association (<i>synodos</i> , restored), they honored an official (Menochares) associated to king Demetrios I of Syria.

XII. NOTES

i. Comments	The inscription is fragmentary and its reading and restoration are uncertain. Old editions provide a reading of [ἡ σύνοδος τῶν ἐν Δήλῳ ΛΙ -- -- --], [<i>he synodo]s ton en Deloi LI -- -- --</i>] (Roussel 1987: 431, no. 59; Durrbach, <i>Choix</i> 88) or [ἡ σύνοδος τῶν ἐν Δήλῳ ΛΙ -- -- --], [<i>he synodo]s ton en Deloi LI -- -- --</i>] (Roussel and Launey in I.Délos 1543; cf. Trümper 2011: 78, no. 18). More recently, Baslez (1987: 276, n. 59; 1994: 30-1; cf. SEG 37.691; 45.1045) has suggested that we should read and restore [ἡ σύνοδος τῶν ἐν Δήλῳ Ἀρ[αδίων], [<i>he synodo]s ton en Deloi Ar[adion]</i>] suggesting that the inscription may have been set up by an association of people originating from Arados. While individual Aradians are attested on Delos, the reading proposed by Baslez is not certain.

XIII. EVALUATION

i. Private association

Possible

Note

While it is possible that I.Délos 1543 concerns an association, the use of the term *synodos* depends almost entirely on restoration. The reading and restoration of *Ar[adion]* are also uncertain.
